

CUBEX[®] Mini

Veterinary hospitals are at high risk for drug diversion due to their on-hand inventory of controlled substances. CUBEX[®] Mini reduces that risk.

23"W x 19"H x 18"D

DEA Compliance

Fingerprint ID, mandatory countback and witness features prevent mismanagement.

Log Book Accuracy

Electronic inventory tracking simplifies DEA reporting.

Charge Capture Loss

Pair inventory and practice management software for accurate invoice reporting.

Medication Access

Monitor usage patterns with authorized access to control selected medications.
